

ASCENT™

Dream big. Live bigger.

With three rows and seating for up to eight, the All-New ASCENT is the largest and most versatile Subaru ever. Renowned Subaru quality, durability, and reliability give you the peace of mind you need as the Evoltis takes you to new heights on all your adventures.

Ready to fit everyone.

Bring everyone and enjoy the versatile seating options and generous amounts of space inside. Seating up to eight with a second-row bench seat, the rich and roomy interior and latest entertainment features keep everyone comfortable and entertained on your journey. What's more, Cabin Connect amplifies the driver's voice to the third-row speakers for safe and comfortable communication with all your passengers.

- 01 11.6-inch Centre Display
- The large 11.6-inch touchscreen display allows intuitive, smartphone-like operation for audio and other useful functions, while supporting a wide range of infotainment features such as Apple CarPlay* ¹ and Android Auto* ².
- 02 Driver Monitoring System (DMS)*
- DMS is a state-of-the-art safety support system that utilises a dedicated camera and facial recognition software to monitor fatigue or lack of attention. It recognises up to five pre-registered drivers to provide customised driver settings for a comfortable, convenient, and personalised driving experience.
- 03 Multi View Monitor System*
- The Multi View Monitor System combines images from four vehicle cameras to display a 360-degree bird's-eye view of the areas around the entire vehicle to reduce blind spots when taking off, reversing, or parking.

*1 Apple CarPlay is a trademark of Apple Inc., registered in the U.S. and other countries.

*2 Android and Android Auto are trademarks of Google Inc.

*3 Available only on Touring model.

*4 The driver is always responsible for safe and attentive driving and observance of traffic regulations. Please do not depend solely on the Driver Monitoring System for safe driving. There are limitations to the features of the Driver Monitoring System. See Owner's Manual for details on system operation and limitations. Please ask your retailer for more details. Image is for illustration purpose only. Actual product may vary.

The most versatile Subaru ever.

With many different seating configurations to choose from, the Evoltis is ready for adventures of any size. The generous amount of cargo space fits just about anything while an under-floor storage area helps keep things organised. And with convenient features like the Power Rear Gate and easy-to-use roof rails, there's almost no task too big for the All-New Ascent.

Generous Cargo Space

Under-floor Storage Area

Subaru EyeSight Driver Assist Technology

The latest version of EyeSight* 1 provides drivers with even more peace of mind on the road. A wide-angle mono camera works in conjunction with the dual-camera system for an expanded field of view for earlier pedestrian and bicycle detection when entering an intersection at low speed. Updates to image recognition and the addition of an electronic brake booster improves Pre-Collision Braking performance and expands the operation range of collision avoidance for more confident and safer driving in many real-world driving situations.

- 01 Pre-Collision Braking System*
Can warn you with a buzzer and flashing indicator when it senses an impending front collision, and even intervene to prevent the collision or reduce any impact.
- 02 Lane Departure and Sway Warning with Lane Keep Assist
Can help alert you with a buzzer and flashing indicator if it detects lane drift or lane departure without signaling and help keep you in your lane.
- 03 Pre-Collision Throttle Management
Can help alert you with a buzzer and flashing indicator when there is an object in front, and you put the gear in Drive instead of Reverse. Can cut engine power to prevent or minimise impact force.
- 04 Lane Centring Control and Preceding Vehicle Adaptive Steering Control
Can reduce driving fatigue with improved lane marking and preceding vehicle recognition accuracy that allows cruise control to continue working even around turns.

*1 EyeSight is a driving support system which may not operate optimally under all driving conditions. The driver is always responsible for safe and attentive driving and observance of traffic regulations. System effectiveness depends on many factors such as vehicle maintenance, weather, and road conditions. See Owner's Manual for complete details on system operation and limitations for EyeSight including functions in this brochure.

*2 Pre-Collision Braking System may not work in all situations. Depending on the speed difference from objects, the object's height, and other conditions, every situation may not meet the necessary conditions for EyeSight to work optimally.

- 01

20-inch Aluminium-alloy Wheels

The design of the 20-inch aluminium-alloy wheels gives the Evoltis a sturdy look suitable for a dynamic SUV.
- 02

Cabin Connect

Cabin Connect amplifies voices from the front seats to the third-row seats via a built-in microphone and speakers to enable comfortable communication inside the vehicle while driving.
- 03

Panoramic Power Sunroof

Take in the night sky or enjoy the outdoors from inside. A wide-open panoramic sunroof makes driving more enjoyable for all passengers.
- 04

Harman Kardon Premium Audio System

Harman Kardon's GreenEdge premium audio system includes 14 high-efficiency Harman Kardon speakers for powerful, deep bass and improved acoustics for a richer audio experience.
- 05

2-position Memory Driver Seat

The Evoltis welcomes you personally with a convenient door mirror linked 2-position memory driver's seat so you can spend less time adjusting the mirrors before you start driving.
- 06

USB Type A & C Power Ports

USB charging ports are available in every row so all passengers can charge their smartphones and tablets no matter where they sit.
- 07

12-way Power and Cushion Length Adjuster Driver's Seat

Adjust the length of the seat cushion to fit your body type. The seat cushion automatically retracts for easy entry, after which the Driver Monitoring System recognises and automatically sets the seat to your preferred position.
- 08

19 Cup and Bottle Holders

A total of 19 cup and bottle holders are available inside the vehicle for everyone's convenience.
